A MESSAGE FROM US

Over the past year we have come to realise even more than before, that “rescuing and restoring lives, raising leaders and releasing stars” is so much bigger than we could have ever fathomed. Looking after South Africa’s orphaned and vulnerable children will always be the core focus of LIV but the opportunities we get to see lives of our community and staff members change, proves to be equally rewarding.

Here at LIV Durban, we get to see people from impoverished areas earn salaries and look after their families. We see individuals from different walks of life meet their spouses and get married. We see the generosity of humans manifest in the smallest ways – which often have the biggest impact. When we see how the children we look after reach out to touch the lives of others’ who have nothing, we cannot help but rejoice in how perfectly God’s plan and vision are coming together and playing out.

It has been a year filled with the welcoming of new family members and saying goodbye to many who have walked alongside us for longer (and some shorter) periods of time. It has been year filled with learning, Growing, Pioneering, Experimenting. And in amongst all of these things, we have come to see more of God’s heart for His people. We have experiences an abundance of grace. We are humbled and expectant for the future.

The best is yet to come.
At LIV we are constantly amazed at God’s heart for His children. As we continue to do His work, doors are opening for LIV to start villages across the country:

- LIV assumed operational responsibility for Thokomala in late 2017, which consists of 18 foster homes throughout the country. Each home is connected with a local church, and Unilever will continue to fund these homes for the next three years.
- Refilwe Community Project merged with LIV and is now called LIV Lanseria.
- Launch of a village in San Antonio and fundraising offices in the USA and Canada.

For more information on our latest development, LIV San Antonio, click [here](#) to watch our vlog entry and keep an eye on our website and social media platforms. We are delighted to take the vision to rescue a child, restore a life, raise a leader, and release a star to the rest of the world.
SOME HIGHLIGHTS OF THE YEAR

rescue

• 23 new children moved onto the village
• 10 welding students continue their training at the LIV Welding Academy
• 26 LIV4Change students completed their six-month discipleship programme, and a further 16 students have joined the LIV Durban family
• Refilwe Community Project merged with LIV and is now called LIV Lanseria
• Launch of a village in San Antonio and fundraising offices in the USA and Canada

restore

• LIV Health provides all children and mothers with primary health care, helping them in their journey of holistic restoration
• The teachers at LIV School continue to pour into the childrens’ lives
• Through the community clinic, which now operates three times a week, the vision of bringing physical restoration to the community surrounding LIV Village is being fulfilled
• LIV Owethu Community Clinic can now has a dispensary unit for chronic medication for the locals
• At LIV Church God continues to restore the lives of many by revealing his loving father heart to all
• 5 children restored with their families

raise

• 31 foster mothers receive ongoing training to equip them for their 24/7 roles as mothers on the village
• Through training received at LIV Welding Academy, 10 community members are raised up and equipped for a brighter future
• Ongoing teacher training at LIV School and the Early Childhood Development Centre is equipping many community members and other people
• LIV Business continues to provide jobs for people in the community
• LIV Village has created many jobs for people in Cottonlands, particularly in the maintenance and grounds departments
• 5 community children have joined LIV’s ECD
• In December the LIV Choir travelled to Johannesburg for a choir tour to raise funds awareness for the village

release

• Our first six matriculants have been released as the stars they have become, and are now embarking on their next adventures either studying or interning at different organisations
• 3 children were released into LIV Training’s AET programme

We never know which lives we influence, or when, or why.

Stephen King
Another core objective at LIV, is to be a blessing to the surrounding community, and to create opportunities through jobs etc. We do this by employing most of our staff locally, and always offering positions to our local community before making them public.

Our LIV Clinic, comprised of the onsite LIV Health Care Clinic (HCC) and the LIV Owethu Community Clinic, serve our children, mothers, and the community. Through these two clinics, LIV provides primary health care, including medical and dental care, as well as psychological support. The LIV HCC is open five days per week and the community clinic is open three days per week. Due to the high demand in the community, LIV aims to open its community clinic five days per week in the near future. In partnership with Cipla, LIV Owethu Community Clinic now also has a Chronic Medication Dispensary Unit. This is a great help to the community, as it alleviates costs to travel to Durban to collect chronic medication, as well as saving the community much time.
EVENTS

The marketing team has been planning and hosting various events throughout the year to help create awareness and raise additional funds.
LIV SCHOOL

2018 was the first year LIV School released some of its students as the stars they have become.

LIV School’s first Grade 12 students all passed their matric exams successfully with a total of 15 distinctions amongst the six. They will now be entering into a new and exciting stage of their lives as they begin with tertiary education and internships.

We are extremely grateful to all sponsors and supporters who have helped our students and school, and look forward to releasing our next four matric students into the world at the end of 2019.

The school has also been expanded by opening the ECD centre up to community children whose parents work at LIV Village, LIV Business, or LIV Training. This frees up our staff to work a full day without having to worry about the whereabouts and wellbeing of their children.

RESCUE A CHILD. RESTORE A LIFE. RAISE A LEADER. RELEASE A STAR.
MENTORSHIP PROGRAMMES

Princess Diaries (10-12)
This is a life skills group where girls learn about their identity and life skills in general. The programme is going very well and the girls love the safe space this programme has created for them and the access to emotional support from peers and the facilitators it gives them. In the second term we have had sessions on bullying, as there were lot of incidents reported on bullying. This has helped the girls to emotionally support each other and learn ways of standing up for themselves and each other. However, we have fallen short on entertaining activities off the village like attending camps. If you would like to sponsor entertaining activities off the village or if you know spaces that our Princesses can benefit from kindly contact zandile@liv-village.com.

Indlela (13-15)
The core vision of Indlela is to raise up and educate young boys on biblical values and standards in a safe and loving environment, building up of character through team play and decision-making, and creating an atmosphere of brotherhood and peer discipleship under different kinds of pressure.
Various topics were covered, including identity – a study of self-worth, bullying, conflict and anger management, and the power of forgiveness.

Youth (12+)
Youth is for any young person who lives on the village. It is a space where we come together to worship, explore more about God in everyday situations, and have fun together with games. We look at a variety of topics depending on what is happening within the village, for example the basics of Christianity and why we do certain things, what does the Bible say about our emotions and situations, how can we serve each other better, and what does God say about who we are. These are just a couple of areas that we explore with the young people in a relaxed environment.
As a result of the programme we can see a unity building within the group and we see the children taking on what has been discussed and trying to apply it to their life around the village, whether that be home or school. We try to set challenges for them to do the next week in relation to the topic to encourage this.

Zazi (13-15)
Zazi is a group for teenage girls made up of 24 girls, 20 of whom attend regularly. We meet every second week on a Saturday evening during school terms. The group aims to help fulfill LIV’s vision of restoring the girls by helping them to find their identity and more specifically their identity in Christ.
This year we have covered the themes of the power of words and identity. We also discussed emotions. Through the programme, the girls are growing in confidence and in the knowledge of who they are. They are becoming more aware of what they believe and why they believe what they do. Some have made commitments to Jesus and have been baptised. They are also developing socially through group activities and games, being able to show consideration to others and take responsibility for helping each other.

Pumpkin Patch (9-12)
The vision of Pumpkin Patch is the same to Indlela, and similar topics were covered. The team leaders had to be flexible to create teachable moments through sports, drama and interactive activities.
The boys also learnt to set their own group rules and goals, which was a great learning experience for them. The goals with the greatest impact were:
• To know that they are loved by their Heavenly Father and mentors.
• To grow in their identity through words of affirmation.

Fearless (16-18)
The name of this programme comes from the story of Esther and how courageous she was. Our aim is to prepare these girls for being released into the world, teaching them to be who they truly are in Christ - bold, courageous, fearless, and servant-hearted just like Queen Esther.
Over their time at Fearless, the girls partake in the Youth Alpha course, which builds on the foundations of who God is. They then partake in a study called Cherish which talks about identity, purity, friendships, and their future. Both studies are such a special time where the girls grow in honesty, vulnerability and their worth as women of God. Once they have completed both programmes, the girls graduate to mentorship programmes with a leader who walks alongside them, interacting on a regular basis.
There are certain topics and material to aid this time together, but the goal is to journey and encourage the girls as they head towards the end of their studies and time here at LIV Village. Within all this, we also hold fun social events for the girls on the village and off site. We have gone on camps, day outings, and sleepovers. Fearless is all about becoming who God has created us to be, knowing our worth fully and how loved we are so that we can be released to make healthy choices and change the world around us.
LIV TRAINING

LIV Training exists to give a hope and a future to its local community by providing free accredited training to young community members.

LIV WELDING ACADEMY

The LIV Welding Academy is going from strength to strength. We have 10 AFROX students who are busy with their three-year Welder Apprenticeship programme. They have just completed some working hours at FFS Refiners and the SAPREF shutdown, under the auspices of Aveng Grinnaker LTA. We are nearing the end of our time at LIV before they go into the Workplace to complete their 2200 hours of practical workplace training before their Trade test. One of our students, Sakhile Nzuza competed in the BRICS Skills Challenge in Johannesburg and made us very proud. Bulelani Quishane participated in the KZN Young Welder of the Year competition in Richards Bay, as well as the SAIW Youth Challenge in Johannesburg. Bulelani did very well and we are excited to see what the future holds for these two young men.

LIV CULINARY SCHOOL

The LIV Culinary School was used by the International Hotel School to offer a one-year professional Cookery Course to some of our community members. They also used our kitchen in an upskilling programme for Checkers Chefs.

LIV ADULT EDUCATION AND TRAINING (AET) PROGRAMME

We were very excited to start our first AET class with three LIV Children who have been released from LIV School for this programme. We are offering the Level 1-4 classes and we are excited to share this journey with our LIV children. These classes will later be offered to the LIV moms, staff and community members.

If you want to go quickly, go alone. If you want to go far, go together.

African Proverb
LIV BUSINESS

LIV Business remains a vehicle, which seeks to implement broader change and as we look ahead. We will continue to apply business acumen in the social development sphere with our focus on strategy intervention.

Over the last two years, LIV Business has successfully implemented a turnaround strategy, which has improved overall operations, provided stability, as well as financial control of LIV Business and LIV Investments. Positioned for growth again, we seek viable business partnerships to invest into. LIV Business will continue to keep a focus on employment creation through its ventures.

We are immensely grateful for the ongoing support of our corporate partners, and are thankful for their diverse assistance which continues to positively impact LIV Business development. South Africa needs a thriving Social Enterprise sector in order to overcome some of its social challenges. It is the cross-sector collaborations found in our business relationships, that brings about sustainable growth and transformation.

Despite a struggling economy, LIV Business continues to find innovative solutions to ensure long-term sustainability of LIV Village. We remain deliberate in our purpose to be part of the solution and celebrate each small step towards achieving our goal of meaningful impact.

Lee Shuttle
CEO, LIV Business

LIV Business Company Profile:

LIV Business is a 100% Broad Based Black Owned Company and is registered as a private company and is verified as a Category A Enterprise Development Beneficiary in terms of the Codes of Good Practice (“BEE Codes”) of the Department of Trade and Industry.

For more information on investment opportunities please email lee@liv-business.com.
LIV2RUN

LIV2Run is a thriving part of our community here at LIV Durban. The once recreational running club has grown to be a registered athletics club with athletes competing at incredibly high standards.

Two runners, one race, one goal
The race is still not finished, however. We are now excited to announce LIV2Run will be partnering with Salomon South Africa. Salomon South Africa and LIV share many common ideologies. One of Salomon’s key beliefs is giving opportunities to disadvantaged and marginalised people in sport. There are so many incredible athletes in the world and in South Africa who are undiscovered because of their circumstances. Not being able to afford proper gear, race fees, and proper nutrition prevent many young athletes from competing at their full potential or even at all.

Trail running, for example, is a large focus of the company. Salomon is trying to encourage and provide opportunities for more people in South Africa to get involved in this form of running, as it needs more specialised equipment and race fees can often be too expensive for young undiscovered athletes. This is very much in line with LIV’s ideology of raising and releasing stars into society. We want to give our kids every opportunity they can get whether in their homes, the classroom, or on the sports field. We believe that Salomon’s partnership with LIV will help us fulfill this goal.

The partnership with Salomon will work in conjunction with our recent partnership with Prime Human Performance Centre. Prime provides us with a state-of-the-art training space which is used to do strength and conditioning training required to reach peak performance. They also provide the necessary support required to prevent and manage injuries. “The LIV 2 Run Elite Team train at Prime twice per week and this is an opportunity that we are very grateful for,” says Coach Philani, head coach of the Elite Team.

What’s further down the track?
Salomon has already donated a huge number of test shoes to the village. These trainers have been used and tested during product launches and can’t be sold. They are, however, perfectly good shoes that our kids can enjoy running around in. Brand new shoes are being provided for training and races for our more focused and seasoned athletes. This is an amazing blessing and will ensure athletes from all different stages are well-equipped, allowing them to avoid injury and perform at their best. Salomon will also be providing the LIV2Run Elite team, a team of 13 athletes, with professional running kits, which will be part of a LIV/Salomon running brand.

The road ahead
We are incredibly excited about where the partnership with Salomon South African and Prime Human Performance Centre is going. We believe it’s a trio partnership with much potential to release greatness and transform lives. Thank you to both these incredible organisations for believing with us.

Together we can!

My name is Siyabonga. I am a runner and I run for LIV 2 Run Club South Africa.
When I was young, I was raised by my step father and my mom. My step father was an abusive person because he was not my biological father. He was abusing me and hit me with the water pipe and after doing that he continued to mention that he is not my Father.

In 2009 I moved out and dropped out of school and had to look after for myself because there was no one giving me any help. In 2011 my mom passed away and my life became more tough then ever.

I started looking for a job to support my three brothers and sister. My life was stuck on a dark cloud because I didn’t know what do because still being so young.

Running was my passion even when I was still at school, but I didn’t get any support until I met coach Philani Majola from LIV2Run in March 2019. I told him that I am a runner and need support and someone who will train me and assist me. He and Miss Lindi Meyer welcomed me to the club with warm arms. I can now say that I have a family - the LIV2Run Athletics Club. Miss Lindi Meyer and Coach Philani Majola are the best people in my life.

Joining the LIV2Run team in March 2019 started to make my dreams come true. I had stopped believing my dreams could come true. I am not only running, but am also an assistant coach for the club. I coach because I love to see other people succeed in life and achieving many great things. I am also looking forward to learning more about athletics and achieving great things myself.

My Story
SIYABONGA BLOSE
You can’t put a limit on anything. The more you dream, the farther you get.

Michael Phelps

The vision of LIV is to rescue and restore lives, raise leaders and release stars. From the inception of LIV Durban, we have seen this vision play out in many different ways. Looking after orphan and vulnerable children will always be the core vision of our organisation, but we have come to see that the secondary vision of LIV is equally rewarding – to create jobs for the people in our surrounding communities and see them rise above circumstances, earn an income and be able to take care of their families.

LIV Creative is an initiative of LIV Durban to uplift women in our communities and to see women dignified through sewing and needle work. Through various upliftment projects, LIV has been able to witness many encouraging stories and today’s story is no different.

This is the story of Nonjabulo.

Nonjabulo has journeyed with the LIV Family since 2012. At LIV Church, Nonjabulo met Jesus and has since grown in understanding of the provision and love of God as a Father. In 2014, LIV offered her a life skills and sewing course. This was the start of releasing a God-given talent. As a single mother, Nonjabulo saw an opportunity to develop skills and provide for her three children. Despite being pregnant and jobless at the time of training, Nonjabulo was determined to finish the course. She loves learning new things and meeting different people. LIV Village has provided a peaceful learning space that releases her gift and talents.

Her determination has been ongoing. From the LIV clothing factory to the LIV Creative team she has proven to continually create outstanding products. Her passion and dream is to clothe people and enter the fashion industry in a way that brings hope, creativity and life to others.

Nonjabulo reached a major milestone when, after dedication to her job and faithfully practicing what she has learned, she could buy a piece of land with saved earnings. Recently Nonjabulo has also been given an industrial sewing machine that allows her to work at home. The only problem is that she does not have space…yet. Through amazing craftsmanship, Nonjabulo is slowly but surely saving up money to build a house on her piece of land and what a celebration will it be the day that she can operate her own little business from home!

Nonjabulo’s story is only one of the many Hope Stories that plays out at LIV. We are privileged to see change on a large scale – whether through community upliftment or taking care of orphaned and vulnerable children.

GET INVOLVED!

VOLUNTEER

Join the LIV team as a short-term or long-term volunteer. For more information contact volunteer@liv-village.com.

DONATE

LIV Village relies heavily on the generosity of individuals and businesses. You can support our vision by giving a once-off donation (money and goods are both welcome) or becoming a monthly donor. Visit our website for more information: www.liv-village.com/donate/

LIV4CHANGE

Join LIV’s six month discipleship programme. This programme is made up of three months of bible study and activities, followed by three months internship in a LIV department. It is a great time of spiritual and personal growth. For more information contact l4c@liv-village.com.

CORPORATE DAY

Spend a day on the village completing a project with your team and give back. This is a great team building opportunity and gives your team the chance to be part of LIV’s vision and impact. For more information contact info@liv-village.com.
